

{loadposition usertab} Transfer a domain

We can manage additional domains for you as well as your free .co.uk domain(s) that come with our pharmacy website service.

The administration involved with transferring a domain name can involve a significant amount of work and chasing up others on your behalf. We charge a **£20** transfer administration fee per domain + the annual cost of the domain and a very small administration fee of £1 for administering the renewal.

.co.uk £4 per year .org.uk £4 per year .me.uk £4 per year .com £11 per year .net £11 per year
